2.30pm **Market Update | Jarden**

Price Update - drivers

Important date update

What's ahead – regulations etc.

Nigel Brunel – *Head of Commodities, Jarden*

2.40pm **Market Update | Futures – electricity**

Chris Pugh – *Product Development & Sales, ASX*

2.50pm **Market Update | Energy Link**

Greg Sise – *Managing Director, Energy Link*

3.00pm **PANEL DISCUSSION | Industrial electrification effects on the market**

The increasing interest and activity in electricity demand for industrial processes is challenging the conventional process of securing supply. This is further highlighted by the massive upswing in connection requests to Transpower. Meeting forward demand and maintaining affordability requires industry collaboration and innovative thinking. The panel will discuss the challenges, incentives, benefits and market effects faced by planned and existing large energy users.

Panelists:

Jeff Hosking – *Group Engineering Manager, Alliance Group*

Glenn Coates – *General Manager Asset Management and Planning, Aurora Energy*

Nicki Sutherland – *GM, Investment and Engagement, EECA*

Ryan Kuggeleijn – *Strategic Development Manager, Meridian*

Facilitator:

Jeff Smit – *Director, GM Business Development & Strategy, DETA Consulting*

3.50pm **Wrap up and thank you**
